FX GAME

- There are 2 Exercises
- Take one chart at a time starting from chart 1 and decide whether you want to buy or sell. Then move on to chart 2 till you reach chart 4.
- Your initial capital is 1000$ (paper money)
- You will be trading mini contracts
- Investment for each contract is 100$ so the maximum no of contracts you can buy is 10
- 1 pip = one us dollar
- By end of chart 4 you must close your position and calculate your profit or loss.
